

BLUE MOON ANNOUNCES CLOSING OF \$520,000 FINANCING

February 14, 2018 – Blue Moon Zinc Corp. (TSXV: MOON; US OTC: BMOOF) (the “**Company**”) announces the Company has closed a non-brokered private placement of \$520,000 at a price of \$0.10 per unit (the “Unit”) with each Unit consisting of one common share and one common share purchase warrant (a “Warrant”). Each warrant shall entitle the holder thereof to acquire one common share at a price of \$0.15 per share for a period of 24 months. Officers and directors purchased 27% of the financing. All common shares issued are subject to a hold period expiring four months and one day from closing in accordance with applicable securities laws. A finder’s fee of \$5,500 was paid in connection with the financing.

Patrick McGrath, Chief Executive officer, stated, "The proceeds will be used to advance the Company’s wholly-owned Blue Moon zinc project including finalizing the drill permit for the anticipated drill program and general working capital and continued marketing efforts."

In the event the closing price of the Company’s common shares exceeds \$0.22 per share for ten consecutive trading days, the Company may accelerate the date of the Warrants by giving notice to the holders thereof and in such case the Warrants will expire on the 30th day after the day on which such notice is given by the Company.

The Company also granted 200,000 stock options to consultants, each option being exercisable for a five-year term at a price of \$0.11 per common share. The options are governed by the terms and conditions of the Company’s stock option plan.

About Blue Moon

The Company owns 100% of the Blue Moon polymetallic zinc deposit with significant credits of copper, silver and gold. The deposit is open at depth and along strike and historical metallurgical testing indicates excellent recovery and a clean zinc concentrate. A NI 43-101 report detailing the resource and summarizing metallurgical recoveries is available on the company’s website (www.bluemoonmining.com) and filed on SEDAR on November 13, 2017. The Company plans to advance the Blue Moon project through to feasibility, permitting and ultimately production.
