

## **BLUE MOON APPOINTS PETER A. BALL AS DIRECTOR**

**March 13, 2018** – Blue Moon Zinc Corp. (TSXV: MOON; US OTC: BMOOF) (the “**Company**”) is pleased to announce that Peter A. Ball has joined the Board of Directors of the Company.

Mr. Ball brings over 25 years of extensive experience and leadership as a mining professional. He is currently an Executive/Board Advisor with Bonterra Resources Inc. and has held various senior management roles with international mining companies in corporate finance, mine engineering, business development and marketing functions.

Patrick McGrath, Chief Executive officer, stated, “We welcome Peter’s leadership to our board and his broad experience from development stage assets through to active mining companies such as Hud Bay and Eldorado. Peter also brings a wealth of knowledge of the capital markets and the mining investment community which will benefit shareholders significantly as we enter an exciting new phase for the Blue Moon Zinc Project.”

Mr. Ball began his career in the late 1980s working as a mining engineer, and subsequently in various management and senior executive roles for numerous companies including Hudson Bay Mining & Smelting, Echo Bay Mines Ltd., Eldorado Gold Corp., Adriana Resources Inc., Argentex Mining Corp., Century Mining Corp., Columbus Gold Corp. and Redstar Gold Corp. Mr. Ball is a graduate of the Haileybury School of Mines, Georgian Business College.

The Company has granted 350,000 stock options to Mr. Ball, each option being exercisable for a five-year term at a price of \$0.11 per common share and vest over eighteen months. The options are governed by the terms and conditions of the Company’s stock option plan.

### **About Blue Moon**

The Company is currently advancing its 100% controlled Blue Moon polymetallic zinc deposit, which also contains significant credits of copper, silver and gold. The deposit, which is open at depth and along strike, yields historical metallurgical testing that indicates excellent mineral recovery and a clean zinc concentrate. A NI 43-101 technical report detailing the geological resource and summarizing metallurgical recoveries is available on the company’s website ([www.bluemoonmining.com](http://www.bluemoonmining.com)), and filed on SEDAR on November 13, 2017. The Company plans to advance the Blue Moon project through to feasibility, permitting and ultimately production.
